

**FOREST RESEARCH INSTITUTE IN SĘKOCIN STARY
ANNOUNCES A CALL FOR A POSITION OF**

**A TECHNICIAN FOR DENDROCHRONOLOGICAL AND FOREST INVENTORY MEASUREMENTS,
TO THE DEPARTMENT OF NATURAL FORESTS IN BIAŁOWIEŻA**

The call is carried out in connection with the realization of the ForBioSensing LIFE+ project PL 'Comprehensive monitoring of stand dynamics in Białowieża Forest supported with remote sensing techniques'

DUTIES:

- participation in field and lab work related to the study of the development history and long-term dynamics of forest stands of the Białowieża Forest,
- preparation of dendrochronological material for analyses,
- performing dendrochronological analyses (tree ring width measurements, cross dating, determining the age of trees)
- archiving of dendrochronological data in the electronic version (scanning of dendrochronological material),
- participation in the process of data analysis,
- use of GPS, digital camera and other devices used in collecting field data,
- participation in measurements of forest stand parameters on permanent monitoring plots in Białowieża Forest,
- preparing reports.

REQUIREMENTS:

- secondary or higher education with a natural profile (forestry, biology, environmental protection, geography and related),
- experience in collecting field data,
- the ability to operate a GPS device, work in the field with a map and a compass,
- English communication skills at the communicative level in speech and writing,
- fluent knowledge of the MS Office package (Excel, Power Point, Word),
- reliability, commitment and independence,
- ability of using office equipment.

OPTIONAL ADDITIONAL ADVANTAGES:

- experience with a dendrochronological laboratory,
- experience of dendrochronological analyses software (TSAP Win, WinDENDRO, CDendro, COFECHA etc.),
- experience in working in the forest inventory (taxation).

WE OFFER:

- fixed-term employment contract (7 months),
- attractive working conditions,
- a friendly working environment,
- work in an interdisciplinary scientific team,
- contacts with the international scientific community,
- variety of tasks performed,
- the possibility of scientific development.

If you are interested, please send your CV and a covering letter by April 19th, 2018 (Thursday) until 23:59 (GMT+2:00).

to the address: D.Raczkowska-Paluch@ibles.waw.pl. In the title of the message, please write: "LIFE +, application for the position of a TECHNICian in the field of MEASUREMENTS AND DENDROCHRONOLOGICAL ANALYSIS". Please note that the Forest Research Institute will contact only selected persons. The interview is planned on April 23rd this year (Monday) at 11:00 (GMT+2:00) at the headquarters of the Forest Research Institute in Sękocin Stary, Poland, ul. Braci Leśnej 3, building B.

Please add the following clause: "I consent to the processing of my personal data included in my job offer for the needs necessary to carry out the recruitment process and consent to the processing of this data also after the recruitment process in accordance with the Act of August 29, 1997 on personal data protection (Journal of Laws of 2002 No. 101, item 926) "
